Good Morning Readers,

What a lovely beautiful morning to be out in the garden when the dew is still on the flowers & foliage. A song comes to my mind, "I walk through the garden alone, while the dew is still on the roses". But we most enjoy these beautiful summer days, for really the air already has the feel of fall. These cool nights & warm days, the flowers really pop out their brilliant colors & growth. We received quite a bit of rain a week ago, for which we are very thankful for. Crops & gardens were showing stress because of the drought conditions we had.

Garden has really done well, corn and green beans are in freezer, then we have a late planting of corn and beans for fresh eating. And the apple orchard only had a few trees with apples for apple sauce. Marnita & Eric & I did 75 quarts, which was more than enough for us. Toby & Liz had so much fun helping us wash apples, process them, and help with filling jars. And by doing it all outside they could splash water like they pleased. The late apples will go into apple cider this fall, but won't be a lot of cider as the trees aren't loaded with apples.

Harvey and I are trying to get my house, garage, lawn cleaned up as this Sunday we have all the neighbors invited for a "trashcan dinner". A tradition that was started many years ago, by our neighbors, Frank & Alice Snyder. But after Franks passing on, neighbors continued the tradition every August. We fill the trashcan & the neighbors each bring a covered dish. There is always plenty of food and lots leftover. I will put the Trashcan recipe on back cover of newsletter so that you can see the details. It is an interesting afternoon visiting with all our neighbors. The children & some adults, have lots of fun playing, cornhole, basketball, etc. And if anyone gets bored they can go home or whatever they wish. Thank you to our grandchildren that come help clean whenever I am getting ready for company. Girls help with cleaning and the boys with mowing yard, etc.

This summer we got to take a short trip to some of the New England states. Going with Eric & Marnita and their 4 children. We were gone 6 days, spending 1 night in each of the following states, Vermont, New Hampshire, Maine, Massachusetts, Pennsylvania. Each state had its own beauty. Sightseeing in Vermont, train ride in the White Mountains of New Hampshire, experienced low tide at the ocean in Maine, LOTS of traffic thru Boston, Plimoth historical sights in Massachusetts. Heavy fogs at the ocean near Cape Cod, and a short visit at our daughters in Pennsylvania. Came home with a thankful heart for our quiet country backroad & home.

Come March or April we will have plenty of compost again. Harvey is busy helping Wilson with cattle. It was a lot of work this summer with the drought we had. It was either feed them on pasture or pull them off pastures. Most of the pastures were brown with no grass and no cattle most of summer. Now in the last 2 weeks we had rain, a total of 4.5". Like an old neighbor used to say, "A million dollar rain". Harvey is also busy with compost making. Due to selling out of compost this year, we will not have a sale in September for the 32lb bags of compost, like we did last year.

We are busy preparing for our annual fall fabric Tent Sale, which is September 17 thru 21, 2024. There will be lots of bargains. Enjoy the rest of these beautiful summer & fall days.

COWS DONT GIVE MILK

A father used to say to his children when they were young,

"When you all reach the age of 12, I will tell you the secret of life."

One day when the oldest turned 12, he anxiously asked his father what the secret of life was. The father replied that he was going to tell him, but that he should not reveal it to his brothers.

"The secret of life is this: the cow does not give milk."

"What are you saying?" asked the boy incredulously.

"As you hear it, son: the cow does not give milk, you have to milk it. You have to get up at 4 in the morning, go to the field, walk through the corral full of manure, tie the tail, hobble the legs of the cow, sit on the stool, place the bucket and do the work yourself.

"That is the secret of life, the cow does not give milk. You milk her or you don't get milk. This generation thinks that cows GIVE milk. That things are automatic and free: their mentality is that if 'I wish, I ask ... I obtain'.

"They have been accustomed to getting whatever they want the easy way. But no, life is not a matter of wishing, asking and obtaining. The things that one receives are from the effort of what one does. Happiness is the result of effort. Lack of effort creates frustration."

So, share with your children from a young age the secret of life, so they don't grow up with the mentality that the government, their parents, or their cute little faces are going to give them everything they need in life.

"COWS DONT GIVE MILK, YOU HAVE TO WORK FOR IT."

Event taught by: Christina

Christina has been sewing since grade school when she begged her mother to teach her to sew. Instead of sharing a sewing machine with her mom, her first major purchase was a sewing machine with money she earned at an after-school job in the 8th grade.

While her sewing career began with making garments, Christina has added home dec and heirloom sewing, embroidery and, of course, quilting to her skills. With the popularity of quilting these days, she can show you how easy it is to freemotion quilt, create patterns like feathers, and succeed at ruler work. She also teaches long-arm quilting. She has taught throughout the United States at quilt shows, sewing shops, and can often be found assisting Janome classrooms.

When you have the opportunity to be in a classroom with Christina, whether she is teaching or assisting, you will learn a lot and as-many of her students will tell you - lots of fun will be had! She has a very relaxed style, attentive to each and every student. Christina always has that new tip or technique that will help make your sewing or embroidery project a success.

SONOMA

The sample is 52" x 72"

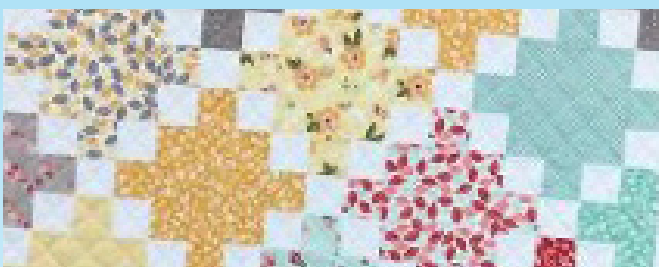

This quilt goes together very quickly and can be made using yardage, scraps, or a layer cake (10" squares) along with a single background fabric. The instructions are written for a quilt that measures 52" x 72", but this can easily be adjusted to other sizes. This is so much easier to make than it looks, and it is stunning with any fabric choice.

Friday, September 27th | 10:00AM- 4:00 PM \$40 plus pattern

PATTY CAKE QUILT

The sample is 64" x 72"

Patty Cake, Patty Cake, Baker's Man, make me a QUILT as fast as you can! This quilt is fun and fast and can be made using pre-cut 10" squares such as layer cakes, or squares from your stash. It can also be used using yardage, if you want a more controlled look and have multiple blocks using the same fabrics. The pattern includes instructions for four sizes, but you can adjust it to any size you want.

Tuesday, October 15th 10:00 - 4:00 \$40.00 plus pattern
